

Joshua Thomas Remington

OBJECTIVE

I want to be able to work on projects that have more structure than my own or those I have previously worked on. I want to be challenged by my work. And I want to learn more about the wonderful world of technology.

EXPERIENCE

OCT 2023 – PRESENT

Web Developer | Czech IT Academy | Prague, CZ

At this job I honed my technical skills in mainly frontend and some backend web development but I also got an opportunity to work as a team. We worked on an internal website for Skoda Auto.

APR 2023 – JUN 2024

Teaching Assistant | Z.Š. Zdenky Braunerové | Roztoky, CZ

I taught IT at an elementary school, this job gave me confidence and people skills.

EDUCATION

ZŠ Červený vrch | Elementary/Middle school

Smíchovská střední průmyslová škola | High school | Third-year cyber security student

SKILLS

As a web developer, I master frontend technologies like HTML, CSS, TypeScript/JavaScript, Svelte, Tailwindcss, backend technologies like JSON, Python and Go. I dabble in competitive programming and I have made numerous personal projects such as my own interpreter, simple compiler, multiple websites such as a real-time poker game and much more that you can see on my [Github](#).
